

WASTE COLLECTION EVENT APPLICATION

for Conditionally Exempt Generators (CEGs) of Hazardous Waste and Generators of Waste Pesticides (Agriculture)

Please either mail, email, or fax completed application within 1 week of the scheduled event to:

Stericycle, Environmental Solutions
Attn: John Pitman
625 S. 32nd Street
Washougal, WA 98671

Phone: (360)-772-2838
Fax: (360) 835-8872
Email: John.Pitman@stericycle.com

Event Location: _____ **Event Date** _____

1. Generator Information

Generator Name _____ Type of Business _____

Mailing Address _____ Site Address (if different) _____

City _____ State _____ Zip Code _____

_____ () _____ ()
Contact Person _____ Telephone Number _____ Fax Number _____

2. Inventory of wastes you want to dispose of at this collection event

Please complete the attached waste inventory sheet to list the wastes you will bring to the collection event. Make additional copies of the inventory sheet if needed. Return the completed inventory sheet(s) with this application. Instructions for completing the waste inventory sheet are on the back side of the form. Only wastes that have been pre-registered and approved by PSC will be accepted at the collection event. **Remember you are limited to no more than 2,000 pounds of Conditionally Exempt Generator waste at this event. Radioactive materials, explosives, infectious medical wastes, certain poisons, very reactive wastes, and unknown wastes are not accepted at these events. There is no quantity limit for collection of waste pesticides.**

3. Certification for Conditionally Exempt Generators

Note: This page must be completed and submitted with the application if you are disposing of CEG waste at this event. If you are only disposing of waste pesticides at this event, you do not need to sign and submit this page with your application.

State and federal hazardous waste regulations limit the use of CEG hazardous waste collection programs to those businesses that generate 100 kilograms (approximately 220 pounds or 25 gallons) of hazardous waste per month. Businesses that generate more than this amount must use a licensed hazardous waste hauler to manifest and transport their waste. Therefore, we are requesting that you sign the following certification before disposing of your waste at the collection event:

I certify that my business generates less than 220 pounds of hazardous waste and 2.2 pounds of acutely hazardous waste per month. I also certify that I have not accumulated more than 2,200 pounds of hazardous waste (2.2 pounds of acutely hazardous waste) at this time. I understand that I must pre-register and pay the disposal cost before I can drop off my wastes at the collection event. I also understand that only the types and quantities of wastes listed on the Inventory Sheet(s) in Section 2 have been approved by PSC for disposal at the collection event. Finally, I understand that the state, local government or PSC does not assume liability for my wastes, and that future liability remains with my business.

Company Representative (print or type)

Generator (Company) Name

Generator (Company) Address

EPA/DEQ I.D. # (if company has one)

Signature of Company Representative

Instructions For Completing Waste Inventory Sheet

1. **Item Number:** Number each item (or category group of items) you want to dispose of at the collection event. Each item should have an individual number on its container as reference. The container number should correspond to the completed inventory sheet(s) submitted to PSC.
2. **Waste Description:** Describe, in as much detail as possible, wastes that you want to dispose of at the collection event. The description should include the chemical and trade name, how you use the material, physical state (i.e., liquid, solid, sludge, gas), chemical characteristics (e.g., flammable/ignitable), and chemical constituents and percentages from the label or material safety data sheet (MSDS). For pesticides (e.g., herbicides, fungicides, rodenticides, etc.), please include the EPA registration number if available, trade name and percent concentration. When listing waste quantities, be accurate as possible. Please avoid mixing your wastes together.
3. **Quantity:** List the quantity of waste you want to dispose of at the collection event. As a rule, list liquids in gallons and solids and sludges in pounds.

Waste Inventory Sheet for Collection Event

(Copy and use additional sheets if needed)

Item Number	Waste Description	Quantity (lbs. or gallons)	Official Use ONLY
