Did you know . . . ?

You don't have to wait for the next hazardous waste event to get rid of certain items. Paint, batteries, E-Waste, medicine, and sharps can be disposed of anytime of year...for free! Here's how:

Paint: Latex and oil-based house paint, varnishes, and stains can be taken to Swell City Decor and Hood River Supply in Hood River (and Odell), and Sherwin-Williams and the ReStore in The Dalles. Dried paint and empty paint cans are NOT hazardous waste, just take the lid off and put it in the trash. Visit www.paintcare.org for more information.

Medicine: Fourteen different locations in the Gorge, visit www.medtakebackoregon.org, enter in your zip code and find a location near you.

Batteries: Lead-acid, power tool, and single-use batteries can be taken to Hood River Garbage or The Dalles Disposal transfer stations.

E-Waste: TVs, computers, laptops, tablets, monitors, printers, keyboards, and mice ONLY. Bring up to seven items at a time to Hood River Garbage or The Dalles Disposal transfer stations.

Sharps: Needles, lancets, and syringes can be taken to Hood River Garbage or The Dalles Disposal transfer stations and the Moro Medical Clinic. MUST be in a sharps container.

Find this information on our Waste Wizard tool!

Waste Wizard:

Have you been wondering what you can and cannot recycle? Where to dispose of a certain item? If a material is hazardous waste or not?

Would you also like to sign up for hazardous waste collection event reminders? Look no further, our new Waste Wizard tool has the answers you've been looking for!
